

LKD 2249/ST

REAR STATIC DIRECTION INDICATOR LKD 2249/ST

DANE TECHNICZNE

Light group	Light category	LED light
HOR 86E	direction indicator	yes
LED quantity	Rear direction indicator	Side
12	yes	universal
Supply voltage	Power rating	Cable
12/24 V	2,1/2,5 W	2x0,75 mm ² ; cable length 1 m
Operating temperature range	Light colour	Ingress protection rating
from -30°C to +50°C	amber	IP 68

OPIS

Reliability, safety, and versatility in one solution. The **LKD 2249/ST** model is a high-quality **static LED rear indicator**, designed with maximum functionality and durability in mind. Equipped with **12 efficient LEDs**, the lamp delivers a clear light signal that enhances vehicle visibility and road safety - both day and night, in all weather conditions. Its **IP 68**-rated housing ensures complete resistance to dust and water, making it ideal for use in harsh environments, including road transport, agriculture, and industry. The lamp operates reliably across a **wide temperature range** and features a universal design that allows for horizontal or vertical mounting on either side of the vehicle. Thanks to its low rated power consumption (**2,1/2,5 W**), the lamp is highly energy-efficient, helping extend the lifespan of electrical systems. The **12/24 V** power supply makes it compatible with most vehicles available on the market. **Applications:** Perfect for trucks, construction and agricultural machinery, and all utility vehicles requiring durable directional lighting. Choose quality and safety - equip your vehicle with the **LKD 2249/ST**!
