Operating temperature range		
from -30°C to +50°C		

OPIS

LD 3110/L is a triple marker lamp that comes with a flexible hanger and compact dimensions. It is specifically designed for mounting **on the left side of the vehicles**, ranging from small trailers to trucks and trailers. The lamp emits a bright light and fulfills the most important functions. **Lamp functions:** - front marker light (white light color) - side position light (orange light color) - rear marker light (red light color) The lamp operates on a universal voltage of **12/24 V** and is characterized by low power consumption. Only branded diodes are used for the production of the **lamp with reflector**, which definitely distinguish the quality of lighting and attractively emphasize the outline of a moving vehicle. Product is fully hermetic (ingress protection rating **IP 68**), and the operating temperature range is **from -30 degrees C to +50 degrees C**. **Ensure your safety on the road! Identify your vehicle with LED new arrivals by Horpol!**
